

Office of the Superintendent of Schools
MONTGOMERY COUNTY PUBLIC SCHOOLS
Rockville, Maryland

October 7, 2020

MEMORANDUM

To: Members of the Board of Education
From: Jack R. Smith, Superintendent of Schools
Subject: Deliverable Teams Update (08-25-20-01-F)

During the *Opening Schools in Recovery of Education* discussion, Board members requested the following information:

Question F

Ms. Wolff requested a list of the teachers' names and levels when committees are formed.

Response

In May 2020, a recovery plan charge statement document was developed and agreed upon by the Continuity of Learning leads. Within the context of the charge statement, deliverable teams were identified and a structure was developed that included Montgomery County Public Schools (MCPS) and employee association co-leads. The employee association co-leads were responsible for assigning members to each team to provide input and feedback. A list of teacher-level design team members for each deliverable area included in the recovery plan is attached for your information.

In addition to the collaboration among the employee associations, external stakeholders also were included on the design teams. This was to ensure multiple perspectives would be considered in the plans.

In late summer 2020, we revisited membership for each team and again asked for our employee association partners, specifically the Montgomery County Education Association (MCEA), to review and recruit additional members. Additional members were added, with the exception of the Technology Design Team. The MCPS Technology Design Team co-lead and members made a good faith effort, during a period spanning several weeks, to communicate the need for additional teacher representation on the Technology Design Team. The MCEA co-lead reported that despite his efforts, he was unable to determine any unit members to serve on the Technology Design Team as teachers reported they could not take on any additional obligations.

If you have any questions, please contact Dr. Janet S. Wilson, chief of teaching, learning, and schools, via e-mail.
