To fulfill this commitment, all staff are required to complete the annual Districtwide Compliance Training for the 2024-2025 school year. This training is designed to ensure that every employee has the necessary information to establish and maintain a positive, safe, healthy, and lawful climate and culture in which all adults and students are able to thrive and do their best work.

This year, **new modules** have been developed and organized around three important areas of focus:

- 1. Student Safety**
- 2. Respecting Student Differences**
- 3. Workplace Expectations.**

In addition to the new content, employees now also have the option to take the training in Spanish.
