

MCPS Web Publishing System (Tron) Training

Page-A-Tronic: An Overview

In this document:

1. What is Page-A-Tronic
2. How to log in to Page-A-Tronic
3. About templates
4. About content layouts (including calendars and polls)

What is Page-A-Tronic?

Page-A-Tronic allows you to create pages for your website.

How do I log in and use Page-A-Tronic?

1. Log in to Tron as you would to edit your pages (see How to Edit a Web Page for instructions)
2. Click on "Make a Page" in the lower left hand corner of any page on your site. The main page of Page-A-Tronic appears.
3. Follow the step-by-step instructions to create your page (select the folder you want your page to go in, give your page a name and title, choose a content layout, etc.)

What are templates? (Step 4)

Templates are design layouts for your pages. Some sites only have one template. Some have multiple layouts. You can always preview templates before selecting one.
