

May/June Newsletter

NOTICE

The last day of school is June 17th. This will be an early release day for all students. Have fun on your summer breaks! We will see you all for ESY!

NEW RESOURCES

Every month we will provide families with free, easily-accessible ASL or disability resources and/or information for local organizations. If you have any requests or suggestions, email them to Ms. Gray at Jessica_L_Gray1@mcpsmd.org

Resource: Best Buddies

<https://www.bestbuddies.org/>

Best Buddies International is a non-profit organization that promotes friendships between neurotypical people and people with developmental disabilities. They also work to provide jobs for people with disabilities.

Ms. Gray's Class: In May and June we will continue our science unit about space; we will learn about eating healthy foods & engaging in regular movement; we will make fun crafts; go to lots of fun community locations; and end the year with a whole-program trip to Squisito Pizza in Burtonsville!

Ms. Hellman's Class: Ms. Hellman's Class will...be learning about plant and animal habitats. Looking at "What is culture?" We continue to work on our alphabet, sight words and reading skills. We are expanding on our foundational skills numbers 1-20, and base ten concepts like ten frames.

Mr. Houy's Class: In class we have been working on identifying numbers 1-30 and working on telling time with analog clocks. We have also been learning about Native American Tribes and weather. We are going to close out the year with fun summer activities!

Ms. Gilpin's Class: In our class we are practicing adding and subtracting within 100. For reading we continue to learn about economics through informational texts and comprehension of literature. In social studies we're looking at human resources, and in science we're learning about plants and their parts.
