Literacy

This month, in literacy, we are working on the theme: Nature Around Us. The students will be learning to demonstrate an understanding of basic features of print and text information. They have learned to recognize upper and lower case letters of the alphabet and are working on letter sounds. Our goal is for all students to be able to identify all 52 letters and 26 letter sounds. They are working with level 1 texts: pointing to the words 1: 1 and using picture support. We are writing sentences and working in small reading groups daily.

Math

This month, in math, the students will identify written numerals 0-100. They will verbally count to 10 by ones and then develop rote counting to 100 by ones. Our goal is to have all students count to 100 and identify all the numerals from 1-100. Students will also be identifying 3-dimensional shapes, composing, decomposing numbers, word problems, capacity, measuring, and comparing lengths. Our goal is to have all students count, identify and write numerals from 0 to 100. We will also collect and identify data.

Monthly Parent Connection:

Ask your children three "you" questions every day. The art of conversation is an important social skill, but parents often neglect to teach it. Get a kid going with questions like, "Did you have fun at school?"; "What did you do at the party you went to?"; or "Where do you want to go tomorrow afternoon?" (*"Parents": 50 Easy Ways to be a Fantastic Parent*)

Upcoming Events:

- Monday, April 8-Friday, April 12- PBIS Spirit Week (more information to follow)
- Friday, April 12, 2019- Career/STEAM Day

Have a wonderful April!
