My program provides comprehensive school counseling to all students that includes:

- Helping students with their emotions.
- Supporting students in their academic, social, emotional, and career development.
- Consulting with parents and teachers in the development of children and their behavior.
- Responding to a crisis.
- Individual counseling as needed.
- Group counseling for anxiety, making and keeping friends, families in separate homes.
- Classroom instruction on character education and safety.

**A child can reach me through their teacher, an administrator, complete a note at my door, or parent contact.**
