MARYLAND

August 2015

Dear Middle and High School Students, Parents, and Guardians:

Student Service Learning (SSL) provides students the opportunity to actively participate in our community and build the skills they need to be successful students and citizens. I am proud of the thousands of SSL hours logged each year by our students.

The SSL booklet for the 2015–2016 school year provides information about the Maryland State Department of Education SSL graduation mandate. Completing 75 SSL hours is a requirement for high school graduation in Maryland. Program facts, meaningful community involvement, SSL documents, best practices, and beneficial outcomes of SSL are included in the booklet. In addition, you will find important information about the SSL approval process, SSL awards programs, the distinction between SSL and “volunteering,” tips for parent involvement, recordkeeping logs, and more. Through meaningful service-learning involvement at school and in the community, students view SSL as more than a graduation requirement; SSL is an opportunity to strengthen character, develop responsibility, learn new skills, explore careers, and develop avenues for civic engagement.

Please refer to the important information included here, on the Montgomery County Public Schools (MCPS) website at www.mcpsssl.org, and in school newsletters to determine MCPS SSL guidelines and identify the approved opportunities to meet the requirement in meaningful ways. If you have additional questions, please contact the SSL coordinator at your student’s school.

Sincerely,

Mr. Larry A. Bowers
Interim Superintendent of Schools

BASICS OF STUDENT SERVICE LEARNING

WHAT IS STUDENT SERVICE LEARNING?

- Student Service Learning (SSL) is a teaching method that combines meaningful service to the community with curriculum-based learning. (www.mdservice-learning.org)
- Students improve their academic skills by applying what they learn in school to the real world; they then reflect on their experience to reinforce the link between their service and their learning. (Learning in Deed)

WHO IS REQUIRED TO PERFORM SERVICE LEARNING?

- Any student in a Maryland public school earning a diploma must complete 75 hours of service, prior to graduation.
- Montgomery County Public Schools (MCPS) students may begin working on this requirement, over the summer after completing Grade 5. Hours are accrued throughout middle and high school.

WHY IS SSL A CONDITION OF GRADUATION IN MARYLAND?

- In 1992 the Maryland State Board of Education adopted a mandatory service requirement, which became effective in 1993 and has affected every graduating class since 1997.
- This graduation requirement is intended to result in students becoming life-long contributors to the community.
- The service-learning requirement is not intended to take the place of kind actions that students perform to assist family members, neighbors, or members of their faith organizations.
- Civic engagement and political participation are key elements of service learning.

WHERE CAN ONE FIND INFORMATION ABOUT THE STUDENT SERVICE LEARNING (SSL) REQUIREMENT?

- The Maryland State Department of Education (MSDE) website: www.mdservice-learning.org.
- The Montgomery County Public Schools (MCPS) website: www.mcpsssl.org.
- Local school system publications and newsletters.

HOW CAN MCPS STUDENTS MEET THE SERVICE LEARNING REQUIREMENT?

- Enroll and successfully complete specific middle and high school courses that use SSL activities to achieve curricular objectives during the instructional day.
Note: High school courses that achieve curricular objectives through service-learning activities are identified in the *MCPS High School Course Bulletin*.
- Enlist in school-sponsored clubs and organizations that have a service focus and earn SSL hours for involvement outside of the instructional day.
- Participate in opportunities with community organizations that are preapproved by MCPS for SSL.

HOW SHOULD MCPS STUDENTS DOCUMENT THEIR SERVICE?

- All service for which SSL hours are desired must be documented on MCPS Form 560-51: *Student Service Learning Activity Verification*. All SSL forms are available on the website (www.mcpsssl.org) and in middle and high schools.
- Documentation of all service is due to the school-based SSL coordinator according to specific timelines as follows:
 - Documentation of service performed during the summer is due by the last Friday in September.
 - Documentation of service performed during the first semester is due by the first Friday in January.
 - Documentation of service performed during the second semester is due by the first Friday in June.
- Students should keep copies of all their SSL documents.

THE ABCS OF STUDENT SERVICE LEARNING

A

APPROVAL AND AWARDS

- Organizations and opportunities that award student service learning (SSL) hours must be preapproved by MCPS.
- Preapproved organizations and opportunities listed on the website are identified with a graduation cap icon.
- To work with those organizations and opportunities not identified with a cap icon, students must complete MCPS Form 560-50: *Individual SSL Request* (see pages 11 and 13), and have it approved first.
- MCPS Form 560-51: *Student Services Learning Activity Verification* (see pages 10 and 12), documents all SSL involvement.
- Documented hours are recorded on all report cards.
- The Superintendent's Student Service Learning Award recognizes those who meet the 75-hour graduation requirement by the first Friday in April of a middle school year.
- The Certificate of Meritorious Service recognizes those who have documented 260 SSL hours by the first Friday in April of their senior year.

B

BENEFITS AND BEST PRACTICES

- Meaningful civic engagement helps students develop workforce ethics and leadership skills
- High-quality SLL explores careers, strengthens character, and develops self-esteem and pro-social behaviors.
- Best practices of service learning
- Meet recognized needs in the community
- Achieve curricular objectives
- Gain necessary knowledge and skills
- Plan ahead
- Work with service organizations
- Cultivate a sense of responsibility
- Reflect throughout the experience

C

CONDITIONS AND COORDINATION

- SSL includes phases of preparation, action, and reflection.
- The action phases may be direct, indirect, or advocacy.
- All service must be preapproved and must occur in a public place (not a private residence).
- One SSL hour is awarded for every hour of service performed outside of the instructional day.
- All service must be supervised by an adult representative of the organization (not a parent or relative).
- Only exception to the nonprofit rule: SSL hours may be awarded for direct service to patients/residents in assisted-living facilities and nursing homes, with approval of MCPS Form 560-50: *Individual SSL Request*.
- All SSL opportunities must be secular (nonreligious) in nature.
- Door-to-door neighborhood canvassing and telephone solicitation are not allowed.
- Students receive no financial compensation for SSL.
- Each secondary school has an SSL coordinator. They promote approved organizations and opportunities and maintain students' SSL records.

VOLUNTEERING, COMMUNITY SERVICE, SERVICE LEARNING: THE SAME OR DIFFERENT?

The Student Service Learning (SSL) program in Montgomery County Public Schools (MCPS) should not be confused with the act of “volunteering” or “performing community service,” nor should the SSL

program be confused with those in other jurisdictions. The following chart characterizes the MCPS SSL program. More complete information is available on the website (www.mcpsssl.org).

VOLUNTEERING OR PERFORMING COMMUNITY SERVICE	STUDENT SERVICE LEARNING
This is not a requirement.	This is a Maryland State Department of Education (MSDE) graduation requirement. It was not instituted to replace kind acts that support family and community members, neighbors, or members of their faith organizations.
There are no established guidelines.	Guidelines are established by MSDE and MCPS.
This may occur on the spur of the moment.	This requires planning in advance of the service.
Documentation of the service is not required.	Documentation of SSL secular activities is required using MCPS Form 560-51: <i>Student Service Learning Activity Verification</i> . Systemwide timelines support timely and accurate record keeping.
The age requirement varies.	Individuals begin work on the student service learning (SSL) requirement after Grade 5 and continue through high school.
This may occur in a variety of locations.	This must be done in a public place, not a private residence.
This may be performed without adult supervision.	This must be supervised by an adult representing the organization, not a student’s relative.
This may occur with a wide range of organizations.	This must be done with preapproved organizations.*
There is no person affiliated with the school system and no MCPS coordinator involved.	There is an SSL coordinator at every middle and high school providing information and maintaining service-learning records on students.
This may be performed with an organization that has no general liability insurance.	Organizations identified with a graduation cap icon on the website (www.mcpsssl.org), have shown proof of general liability insurance.
There is no school-system recognition of contributions.	MCPS award programs recognize the exceptional service of secondary students.
The focus is on the <i>action</i> phase only.	This focus is on three phases: <i>preparation, action, and reflection</i> .
This may serve any organization or opportunity.	Organizations and opportunities must be identified with a graduation cap icon  at the website (www.mcpsssl.org) or MCPS Form 560-50: <i>Individual SSL Request</i> must be granted to each student in advance of any service.

*Service with organizations and opportunities not identified with a graduation cap  icon on the website (www.mcpsssl.org) require granting of approval in advance, using MCPS Form 560-50: *Individual SSL Request*.

HOW TO FIND COMMUNITY ORGANIZATIONS AND OPPORTUNITIES APPROVED FOR SSL

You do not need to create an account to search for SSL-approved organizations or opportunities.

- Go to mcpsssl.org
- Click SSL Community Opportunities (the Montgomery County Volunteer Center site)
- Search options:
 - All SSL-approved opportunities
 - Calendar
 - SSL Opportunities by city
 - All Organizations
 - Advanced Search

Remember: The organization and the opportunity must be identified with a graduation cap icon to reflect MCPS SSL approval.

- If you are interested in an organization, call or e-mail the contact listed. Consider using the script on page 7 when you speak to your contact on the phone.
