

Dress Code

Dress and grooming are up to the student, except when dress and grooming are such that they disrupt class activity, violate health and safety standards, or are considered inappropriate.

Driving Privileges

Parking Permits are issued the second week of each semester. Students must obey all traffic regulations. Reckless driving could result in the loss of driving privileges and parking permit. All cars parked on school grounds must be registered and have a parking permit or they will be subject to obligations or towing. Cars are parked at the owner's risk. Permits cost \$37.50 per semester. Due to limited parking only, students meeting specific criteria will be issued parking permits. Please see the permit application at www.walterjohnson.com/studserve/security/parking.aspx for a complete list of student permit regulations

Guests and Visitors

The default is no visitors allowed on campus. However, there may be some limited opportunities for prospective students to visit. Arrangements must be made at least one week prior with administration.
