what's new

 Your Counselor has assigned the task [Complete Transition to High School Survey](#) to you

Welcome to Family Connection!

Family Connection by Naviance is designed to assist our students with college and career planning. Utilizing the tools in the tabs above will help you to set [future goals](#) for yourself, build a professional [resume](#) that can help you to get a job or assist your teachers in writing your letters of recommendation, identify [careers](#) of interest based on questionnaires and personality surveys, and find colleges that will enhance your education and allow you to achieve your goals.

Your secondary school years are a great time to get started with identifying careers of interest and future goals. Whether you think you know what career you want to pursue or if you have no idea how to narrow down the world of choices in front of you, identifying future goals can increase opportunities for you to explore different career paths and potential college majors.

[Roadtrip Nation](#) content: The Roadtrip Nation interview archive is a digital career exploration tool that enables students to discover new pathways, interests, and ambitions. The archive includes more than 3,500 full-length video interviews chronicling the diverse personal stories of leaders who have turned their interests into their life's work.

Please reach out to your counselor with any questions or ways in which we can better assist you in achieving your goals.

Complete Transition to High School Survey
